E-mail: boddupallikavya89@gmail.com | Mobile: +91 8186089089

PROFESSIONAL SUMMARY

Enthusiastic and motivated B. Tech graduate with a strong foundation in Java Python, C. Quick learner with excellent problem- solving and communication skills. Seeking an entry -level Software Engineer role to contribute to organizational success while continuously learning and growing.

EDUCATION

Bachelor of Technology in Electronics and Communication – Avanthi institute of engineering and technology, Hyderabad
CGPA: 6.90 | 2021 – 2025

Intermediate (MPC) – Geetanjali junior college | GPA: 9.2 | 2019 – 2021

Secondary School – TS Model High School Nidamanoor | GPA: 9.3 | 2019

TECHNICAL SKILLS

- Programming:** C, JAVA, SQL.
- Tools:** MySQL.
- Soft Skills:** Rapport Building, Problem Solving, Critical Thinking, Team Collaboration, Adaptability, Good Communication
- Operating System :** Windows, Linux

PROJECTS

LPG GAS MONITORING AND AUTOMATIC CYLINDER BOOKING WITH ALERT SYSTEM

- Gas leakage incidence in households and industries pose serious threats to life and property, often resulting in fire hazards and health risks
- The system is designed to detect gas leaks in real-time, alert uses promptly . and monitoring the remaning gas in the cylinder to notify for timely booking of a refill.
- In the event of a gas leak, the system triggers a buzzers and activates a red LED a danger signal, while simultanously sending and alert through the blynk app.
- When the weight falls below a predefined threshold, indicating the gas is about to finish the system notifies the user through the blynk app with prompt for booking a new cylinder.
- A green LED indicates normal operation with no gas leak and sufficient cylinder weight.

CERTIFICATES

- C , JAVA certified by – Orbit Learning Academy | Nov 2024

CO-CURRICULAR ACTIVITIES

Seminars: A seminar on HAPTIC Technology

Webinar: Session conducted by Technology

Conference: Attended on one day career enhancement
